# 45 List of Tables

# 46 Introduction

## 47 0.1 Higgs bosons

48 Higgs bosons are particles that arise through electroweak symmetry breaking. A principal  
49 motivation for the Large Hadron Collider physics programme was the testing of the theory  
50 of electroweak symmetry breaking, through the observation of Higgs bosons. In July of  
51 2012, the existence of the Higgs boson was confirmed by the ATLAS and CMS experiments.  
52 Following this discovery, further studies have been ongoing in order to examine the character  
53 of the particle.

# Chapter 1

## A title for chapter 1

### 1.1 Section 1

This is content.

#### 1.1.1 Time

A few time representations follow:

- 2019-04-18
- 18 April 2019
- April 2019
- 170635
- 1706
- 2019-04-18T170635
- 2019-04-18T1706

### 67 1.1.2 Units and units typesetting

- 68 •  $a^b \text{ m}^2$  – correct unit typesetting (manual siunitx function) (preferred for mathematics
- 69 mode, though note that the function for this is provided by aqueous [see below for
- 70 manual equivalent method not dependent on aqueous])
- 71 •  $10 \text{ kg}$  – correct unit typesetting (siunitx)
- 72 •  $10 \text{ kg}$  – incorrect unit typesetting (mathematics, textnormal)
- 73 •  $10 \text{ kg}$  – incorrect unit typesetting (literally)
- 74 •  $10 \text{ kgms}^{-2}$  – correct unit typesetting (siunitx)
- 75 •  $10^{-28} \text{ m}^2$  – correct unit typesetting, though very manual (siunitx)
- 76 •  $a^b \text{ m}^2$  – correct unit typesetting, though manual (siunitx) (preferred for mathematics
- 77 mode)
- 78 •  $\text{a}^b \text{ m}^2$  – dodgy, manual correct unit typesetting (siunitx)
- 79 •  $a^b \text{ m}^2$  (siunitx)
- 80 • The angle is  $14^\circ$ .
- 81 • The temperature is  $14^\circ\text{C}$ . – correct unit typesetting (siunitx)

### 82 1.1.3 Mathematics

83 The following is a referenced equation:

$$E = mc^2 \tag{1.1}$$

84 This is a reference to equation 1.1.

85 This is bold mathematics within non-bold mathematics:  $t\bar{t}\mathbf{H}(b\bar{b})$ .

86 This is bold mathematics:  $\mathbf{t\bar{t}H(b\bar{b})}$ .

#### 87 1.1.4 Lists

88 This is a list:

- 89     • function,
- 90     • Job,
- 91     • JobGroup,
- 92     • ParallelJobProcessor and
- 93     • pool.

94 This is a checklist:

95 ✓ item

96 ✓ item

97     ✓ subitem

98     ✓ subitem

99         ✓ subitem

100 ✓ item

101 ✗ item

### 102 1.1.5 Code

103 This is some code:

104         `Reco_tf.py --inputBSFile data12.1234.RAW --outputESDFile data12.1234.ESD`

### 105 1.1.6 Images

106 This is a figure set to a defined width:

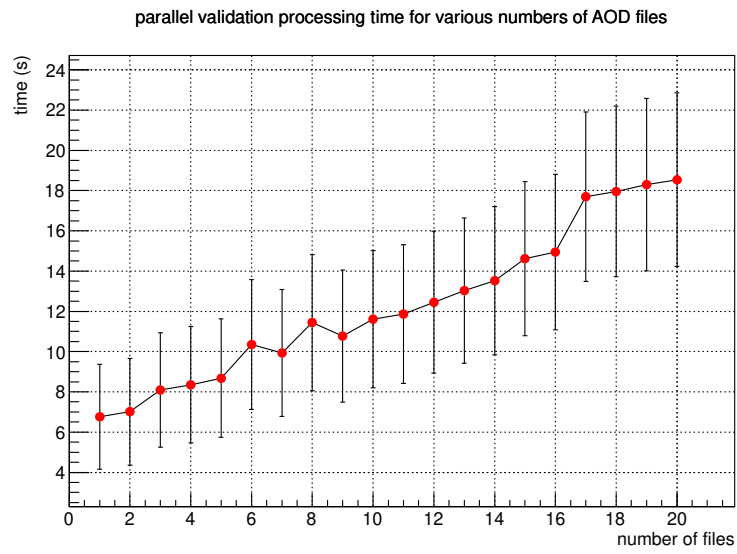

Figure 1.1: Parallel job processor: large efficiency improvement as a result of parallelisation

107 This is a figure set to the text width:

Figure 1.3: Feynman diagram

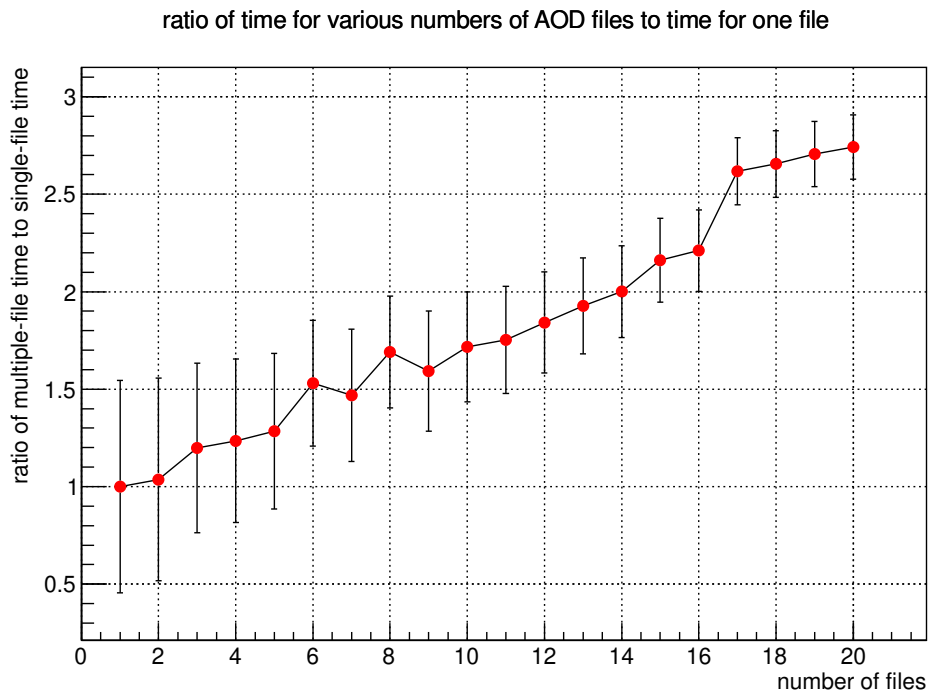

Figure 1.2: parallel job processor

108 Here is a Feynman diagram:

### 109 1.1.7 References

110 This is a reference to figure 1.2. This is a reference [1]. This is another reference [2]. This  
 111 is a URL: <https://github.com/wdbm/aqueous>

### 1.1.8 ROOT

ROOT [3] is an object oriented data analysis framework aimed at solving data analysis challenges in high energy physics. While *ROOT* is simply a name, a possible acronym for the system could be “*Rapid Object-Oriented Technology*” [4]. ROOT was developed in the context of the NA49 experiment at CERN. NA49 generated data of approximately 10 TB per run. This rate of data provided a test environment for the development of ROOT, as the next generation of data analysis. ROOT features *Cling*, a C++ interpreter.<sup>1</sup>

---

<sup>1</sup>This is a footnote.

### 1.1.9 Some paragraphs

121 Lorem ipsum dolor sit amet, consectetur adipiscing elit. Ut purus elit, vestibulum ut,  
122 placerat ac, adipiscing vitae, felis. Curabitur dictum gravida mauris. Nam arcu libero,  
123 nonummy eget, consectetur id, vulputate a, magna. Donec vehicula augue eu neque. Pel-  
124 lentesque habitant morbi tristique senectus et netus et malesuada fames ac turpis egestas.  
125 Mauris ut leo. Cras viverra metus rhoncus sem. Nulla et lectus vestibulum urna fringilla  
126 ultrices. Phasellus eu tellus sit amet tortor gravida placerat. Integer sapien est, iaculis  
127 in, pretium quis, viverra ac, nunc. Praesent eget sem vel leo ultrices bibendum. Aenean

129 semper nulla. Donec varius orci eget risus. Duis nibh mi, congue eu, accumsan eleifend,  
130 sagittis quis, diam. Duis eget orci sit amet orci dignissim rutrum.

131 Nam dui ligula, fringilla a, euismod sodales, sollicitudin vel, wisi. Morbi auctor lorem non  
132 justo. Nam lacus libero, pretium at, lobortis vitae, ultricies et, tellus. Donec aliquet, tortor  
133 sed accumsan bibendum, erat ligula aliquet magna, vitae ornare odio metus a mi. Morbi  
134 ac orci et nisl hendrerit mollis. Suspendisse ut massa. Cras nec ante. Pellentesque a nulla.  
135 Cum sociis natoque penatibus et magnis dis parturient montes, nascetur ridiculus mus.  
136 Aliquam tincidunt urna. Nulla ullamcorper vestibulum turpis. Pellentesque cursus luctus  
137 mauris.

138 Nulla malesuada porttitor diam. Donec felis erat, congue non, volutpat at, tincidunt tris-  
139 tique, libero. Vivamus viverra fermentum felis. Donec nonummy pellentesque ante. Phasel-  
140 lus adipiscing semper elit. Proin fermentum massa ac quam. Sed diam turpis, molestie  
141 vitae, placerat a, molestie nec, leo. Maecenas lacinia. Nam ipsum ligula, eleifend at, accum-  
142 san nec, suscipit a, ipsum. Morbi blandit ligula feugiat magna. Nunc eleifend consequat  
143 lorem. Sed lacinia nulla vitae enim. Pellentesque tincidunt purus vel magna. Integer non  
144 enim. Praesent euismod nunc eu purus. Donec bibendum quam in tellus. Nullam cursus  
145 pulvinar lectus. Donec et mi. Nam vulputate metus eu enim. Vestibulum pellentesque felis  
146 eu massa.

147 Quisque ullamcorper placerat ipsum. Cras nibh. Morbi vel justo vitae lacus tincidunt  
148 ultrices. Lorem ipsum dolor sit amet, consectetur adipiscing elit. In hac habitasse platea

149 dictumst. Integer tempus convallis augue. Etiam facilisis. Nunc elementum fermentum wisi.  
150 Aenean placerat. Ut imperdiet, enim sed gravida sollicitudin, felis odio placerat quam, ac  
151 pulvinar elit purus eget enim. Nunc vitae tortor. Proin tempus nibh sit amet nisl. Vivamus  
152 quis tortor vitae risus porta vehicula.

## 1.1.10 tables

input file option	description
--inputHitsFile	input only
--inputBSFile	RAW data (BS = ByteStream), currently input only
--inputRDOFile	
--inputESDFile	
--inputAODFile	
output file option	description
--outputRDOFile valid	if starting from Hits
--outputESDFile valid	if starting from Hits, RDO or BS
--outputAODFile valid	if starting from ESD or anything else upstream
--outputNTUP_XXXFile	can be made from ESD or AOD, BS or RDO

Figure 1.4: Reco.tf.py usage

## 154 Chapter 2

# 155 A title for future

156 If we can hit that bullseye, the rest of the dominos will fall like a  
house of cards. Checkmate!

---

Zapp Brannigan

You hear the bird's gurgling?

157 Pedro Carolino in *English As She is Spoke* (1883), a book which was  
intended as a Portuguese–English phrase book, but which was  
written by Carolino using dictionaries as opposed to a  
comprehension of the English language, hence it is a sort of 19<sup>th</sup>  
century machine translation.

## 158 2.1 future plans and considerations

159 These are suggestions and plans for the future.

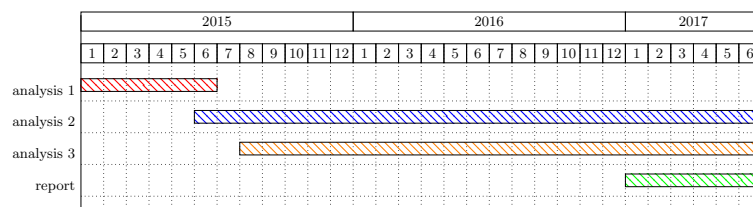

Figure 2.1: Gantt chart of work
